

Castle Valley Drainage Review

A drainage review is required before constructing a building in Castle Valley. For drainage review, please contact the Castle Valley Road Manager at 435-259-9828 to arrange a time he can visit your lot to review the plans and the drainage.

This document must be signed by the Castle Valley Road Manager and attached to the plot plan prior to a permit being issued.

Name of Lot Owner: _____

Telephone Number: _____

Lot # _____ has been reviewed for drainage requirements and approved for construction at the proposed building(s) site, as detailed in the attached plot plan.

The Town has reviewed these drainage plans only to ensure compliance with existing Town storm water and drainage regulations. This review is for the Town's compliance purposes only. Neither this review nor the approval of the plans can be relied on for purposes of ensuring, guaranteeing or warranting that the property will be protected from storm or flood waters entering the property. The property owner is responsible for taking the appropriate actions to protect his or her own property from potential storm or flood damage.
