

Town of Castle Valley Septic Permit Application

This permit must be submitted and approved before construction of septic system begins.

- STEPS: 1) Contact Southeastern Utah Health Department (SEUHD) for a site visit (435-259-5602).
2) Complete percolation test and/or soil evaluation according to SEUHD guidelines.
3) Obtain design approval from SEUHD.
4) Submit SEUHD approved design with this application to the Town of Castle Valley (TCV) for zoning approval before construction begins (435-259-9828).
5) A copy of the final approved SEUHD application must be submitted to TCV before a residential building permit can be approved.
